

Chern Centennial

CONFERENCE

The Mathematical Sciences Research Institute (MSRI) in Berkeley and the Chern Institute of Mathematics (CIM) in Tianjin, China, celebrate the centennial of the birth of Shiing-Shen Chern, one of the 20th century's greatest geometers and MSRI's co-founder.

Sunday, October 30 to
Friday, November 4, 2011

In commemoration of Chern's work, MSRI and CIM will hold a two-week international conference. The first week, October 24 – 28, will take place at CIM, and the second week, October 30 – November 4, will be at MSRI.
