

March 5, 2020

To whom it may concern,

This letter serves as official notification that the following workshop will no longer be held at the Mathematical Sciences Research Institute (MSRI):

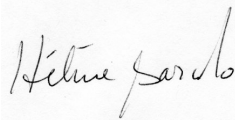

**Critical Issues in Mathematics Education 2020: Today's Mathematics, Social Justice,
and Implications for Schools**

March 11 – 13, 2020

The decision to cancel this in-person meeting is based on the available scientific data on COVID-19, and the strong advice from experts to avoid gatherings of large groups. We recognize that this decision may cause significant inconvenience. However, it was made out of deep concern for the health and well-being of our participants, staff and program members.

Because this workshop will no longer take place at MSRI, we ask that you honor all travel requests from attendees.

Sincerely,

Hélène Barcelo
Deputy Director
